Commissioner Jane E. Henney
Parklawn Building, Rm. 14-71
5600 Fishers Lane
Rockville Md. 20857

Dear Commissioner Henney:

I am writing to express my concern in regard to antibiotics useful that are useful as human medicines being used in animal feeds. This practice quickly renders antibiotics useless against bacteria that are also harmful to humans.

Please resist industry pressure to continue this practice.

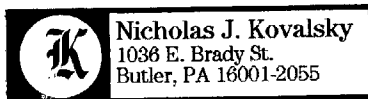

Sincerely

N.J. Kovalsky
